

EXPANDING HORIZONS

Versatile Industrial Expansion Solutions

Expand Capabilities for Diverse Industrial PCs

Experience unmatched versatility with Cervoz's Modular Expansion Cards. Our extensive lineup serves diverse industrial needs, offering seven key functions: Ethernet, Wi-Fi, CAN Bus, Serial, SATA, USB, and Display. Designed for compactness and efficiency, our cards are available in mini PCIe or M.2 2242/2260/2280 sizes, perfect for streamlined PC configurations. Unique to our M.2 options is a 3-in-1 design, allowing disassembly from 2280 to 2260 or even 2242 for supreme flexibility.

Cervoz's dedication to excellence shines in our rigorous testing for reliability and compatibility, ensuring exceptional performance. Choose Cervoz for seamless ability enhancement and the intersection of performance and reliability.

Product Features

MECFIX (Versatile Mounting)

Versatile Mounting Mechanism for
Mini/ M.2 PCIe Expansion Card

Isolated Design

Surge Protection

PoE+ Module

External PoE+ Module
Power Supply

Target Applications

In-Vehicle/ Transportation

Fleet Management

Factory Automation

KIOSK/POS

Core Competence

Industrial PC Dedication

- Industrial Grade Components
- Multi-Directional Connector Fixation
(MECFIX Daughterboard Design)
- Long Product Lifespan
- Prolonged Warranty Period

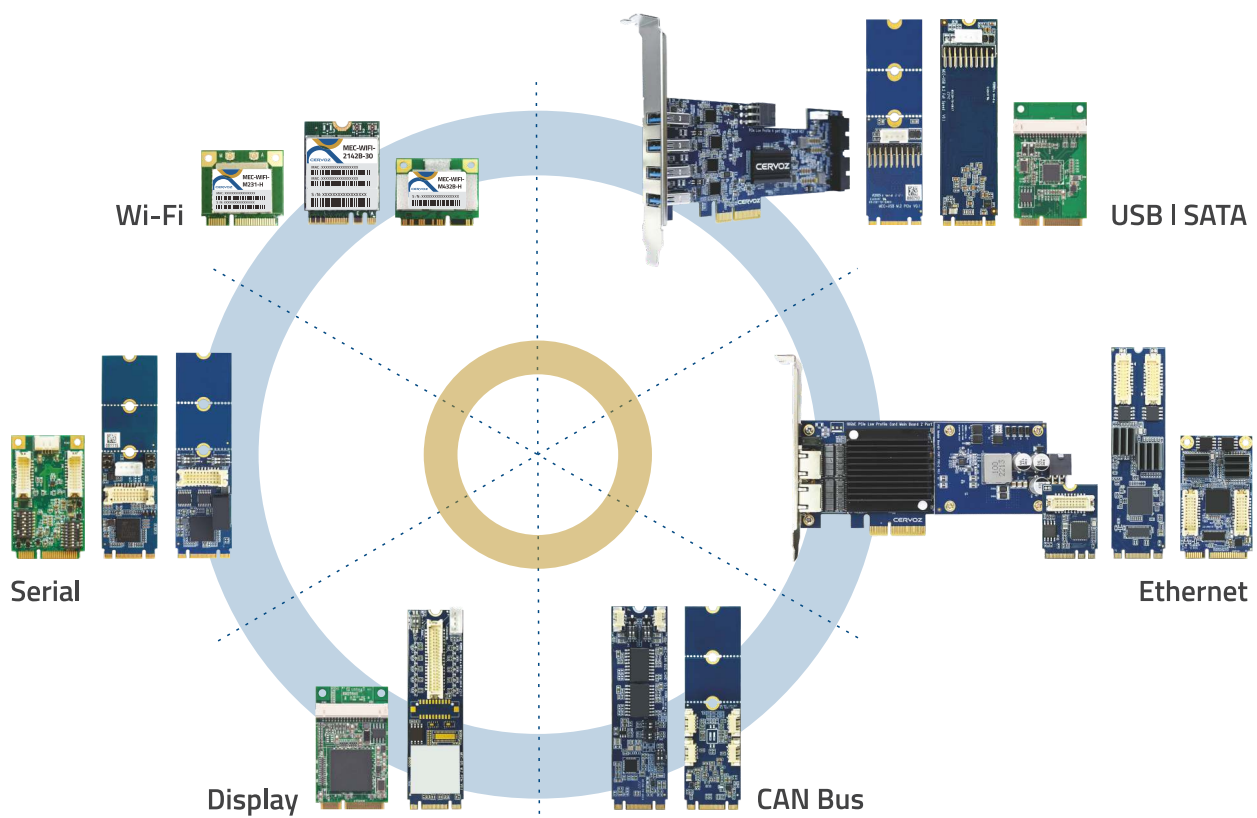

Comprehensive Product Line

- Various PC I/O Functions
- Various Choices of Expansion Ports

Full Certification

- CE, FCC, UKCA, RoHS, and REACH

Solution Product Line

CERVOZ

8F., No.10, Aly.6, Ln.235, Baociao Rd., Sindian Dist., New Taipei City 23145, Taiwan
